Set up your
CAMEREYE

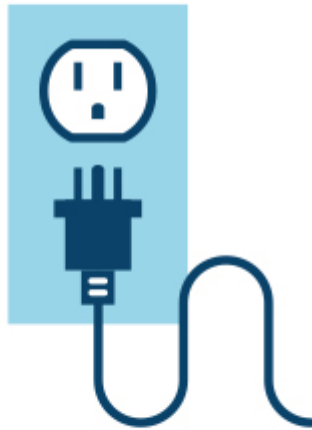

6

EASY STEPS

STEP 1

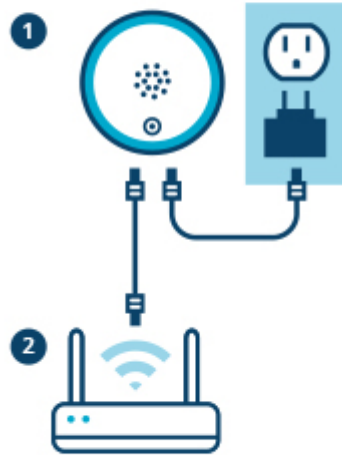

Mount Camera and plug your camera into a power outlet

Continue

STEP 2

Plug in the Smart Hub into a power outlet & connect to the Wi-Fi router using ethernet cable

Continue

STEP 3

Connect to your 2.4 GHz Wi-Fi network

(5 GHz Wi-Fi is not compatible)

- 1 • Go to your phone **Settings**
• Connect to a **2.4 GHz network**
- 2 Return to **CamerEye app**
- 3 Tap '**Continue**' to allow
CamerEye to access your location
to find the 2.4 GHz network.

Continue

STEP 4

Add Camera

- Look for the QR code on your **Device** or informational **Quick Start Guide**
- Click **'Scan QR Code'** button
- Point your phone at the QR code

Scan QR Code

OR

Type in the SN Serial Number

STEP 5

Connect the camera to the network by entering Wi-Fi username & password

hold your phone a few feet from
the camera while doing so

Connect

STEP 6

Add Smart Hub

Click on the **"Add Smart Hub"** button to add the smart hub. The app will discover the smart hub.

Make sure you're connected to the same Wi-Fi network as the router.

Add Smart Hub
